SUMMARY

Software Developer with hands-on experience in **Java, Spring Boot, Spring Security, MySQL, React.js, and RESTful API development**. Currently working at FareNexa, contributing to full-stack travel and flight booking applications. Strong foundation in backend development, database management, Data Structures & Algorithms, and problem solving.

EXPERIENCE

Software Developer – FareNexa, Noida

Currently Working

- Working on full-stack web applications using **Java, Spring Boot, React.js, and MySQL**.
- Developing and integrating **RESTful APIs** and backend services using Spring Boot.
- Working on flight booking features including flight search, availability, passenger details, and booking workflows.
- Implementing authentication and authorization using **Spring Security and JWT**.
- Managing MySQL databases and collaborating with the development team to build scalable applications.

TECHNICAL SKILLS

- **Languages:** Java, MY SQL
- **Frontend:** HTML5, CSS3, React.js (Basics)
- **Backend:** Spring Boot, Spring Security, REST APIs
- **Database & Tools:** MySQL, Git, GitHub, Postman, Antigravity, Maven, IntelliJ IDEA, VS Code

PROJECTS

Flight Booking System

Java, Spring Boot, React.js, MySQL

- Developed a full-stack flight booking application with React.js frontend and Spring Boot backend.
- Implemented flight search, availability, passenger details, and booking functionality.
- Developed RESTful APIs and integrated MySQL for user, flight, and booking data.
- Implemented authentication and authorization using Spring Security and JWT.

URL Shortener

GitHub *Java, Spring Boot, React.js, MySQL*

- Developed a full-stack URL shortening application using React.js and Spring Boot.
- Implemented RESTful APIs to generate short URLs and redirect users to original URLs.
- Integrated MySQL for storing and managing original and shortened URLs.

Laboratory Automation System

Java, Arduino, NodeMCU, MySQL

- Developed a system to remotely control and automate laboratory electrical devices.
- Integrated Arduino, NodeMCU, and relay modules for device control.
- Implemented mobile-based ON/OFF control and automated device scheduling.

EDUCATION

B.Tech in Computer Science and Engineering

2022 – 2026

Dev Bhoomi Uttarakhand University, Dehradun

CGPA: 9.2

ACHIEVEMENTS & CERTIFICATIONS

- **Problem Solving:** Solved 100+ Data Structures and Algorithms problems using Java.
- **Certification:** Completed Java Certification from Eklavya College of IT & Management.
- **Tech Events:** Participated in coding contests and collaborative technical events.
